

Tony Pickett is Chief Executive Officer of Grounded Solutions Network, a national nonprofit organization with over 200 members. Working together with local community leaders, Grounded Solutions advances its mission to cultivate communities — equitable, inclusive and rich in opportunity — by implementing affordable housing solutions that last for generations. Tony’s over 35 years of professional community development experience includes successful permanently affordable shared equity housing development and thought leadership; promoting inclusive housing policies and expanding the use of community land trusts for racial equity impact.

Under Tony’s leadership Grounded Solutions has launched multiple successful national programmatic initiatives, including a multi-city land bank/land trust partnership (“Catalytic Land Cohort”), an inclusive policy focused multi-city cohort (“ForEveryoneHome”) and an exciting 10-year expansion vision for “Lasting Affordability in Housing Now” to achieve 1 million homes.
